

No. NIHFW/CHI/IHIP 2016

Date: 6th October 2016

Corrigendum-3

Request for Expression of Interest (REOI)
for “Design, Development, Integration, Deployment, Implementation and
Maintenance of
Integrated Health Information Platform (IHIP)

This Corrigendum shall now be a part of REOI issued on 24.08.2016 by Centre for Health Informatics.

1. In page no. 20, the table given under Clause 17.5 regarding pre-qualification criteria no 3&8 to be met by proponent is replaced with the following table:

S. No as per REOI	Criteria Required	Document
3	<p>The Company/Lead Proponent/Consortium member must have executed projects of total value (excluding hardware) in design, development, integration, implementation, operations and maintenance of HIE or Healthcare Solutions (i.e. HIS, EMR, EHR) in last five years as mentioned below:-</p> <ol style="list-style-type: none"> 1. One similar completed work costing not less than 20 Crores. 2. Two similar completed work costing not less than 15 Crores each. 3. Three similar completed work costing not less than 10 Crores each. 	<p>Work Orders / Client Certificate (including the cost details of the project excluding hardware components) confirming year and domain of activity should be attached. Supporting documents for cost of project undertaken to be provided.</p> <p>In case of foreign currency projects, the project value should be shown in INR as per the conversion rate prevailing at the time of award of the work order.</p>
8	The Company/ Lead Proponent /Consortium member should be a CMMI Level 5 certified.	Copy of the certificate from authorized certifying agency. The certificate should be valid as on 31 st March 2016.

2. In addition to the scope of services (part-II, 10.1 at page no: 12) mentioned in REOI, the proponents are also requested to consider following technical components of the IHIP for preparing the REOI response:-
 - Health Information Exchange,
 - Electronic Health Record system (EHR) as per EHR standards notified by GoI,
 - Integration Engine that provides seamless interoperability with internal and external systems such as disparate EHRs, HIS, Public Health systems etc.
 - Analytics Engine,
 - Enterprise Master Patient Index (EMPI),

3. The Last date for submission of REOI has been extended up to 17th October, 2016 at 11:00 am

Proponent is requested to submit the response in not more than 15 pages, please do not submit general capability statements, marketing materials, or other nonspecific information.
