

Dear Invitee,

National Release Centre (NRC) of India as Member country of the International Health Terminology Standards Development Organization (IHTSDO) is organizing a

Workshop on Introduction to SNOMED CT

Ministry of Health & Family Welfare, Government of India has included SNOMED CT as standard for clinical vocabulary for use in medical records. SNOMED CT is a comprehensive, multilingual clinical healthcare terminology.

The workshop is an opportunity for the users and implementers to understand SNOMED CT and its implementation. This is an interactive workshop and training to encourage utilization of SNOMED CT for clinicians and system/software manufacturers in northern region of the country. The topic coverage is for beginner to mid-advance in intricacy.

April 6, 2015: For Medical Professionals and Researchers
